

MICROSOFT SQL SERVER DATA PLATFORM CONSULTANT

If you're an experienced Data Platform Consultant looking for an opportunity to use your visionary thinking and inquisitive mind to create innovative ways of helping customers meet their business needs, then this could be just the opportunity for you.

We're looking for someone who is:

Great with people and can:

- Be an ambassador for MS SQL Server Data Platform,
- Design and implement technical solutions using SQL Server and Microsoft Azure technologies
- Liaise with customers from scoping requirements, design/planning, solution architecture, configuration and deployment
- Provide professional advice and technical expertise on complex and often challenging transformation projects
- Support and coach customer IT teams and facilitate workshops to help them understand the technologies that help them meet their business needs
- Draft requirements documents and technical specifications
- Maintain our exceptional level of customer satisfaction and be committed to going the extra mile
- Travel to customer sites across the UK with some overnights away
- Build and maintain strong client relationships

Intelligent and enthusiastic and has:

- A deep understanding of MS Data Platform, SQL 2014+, (ideally Azure Database Services)
- Engaging presentation skills with confidence in facilitating and delivering technical workshops
- Excellent written and verbal communication skills in English
- A desire for continue learning and staying at the forefront of technology
- An inquisitive mind and a desire to innovate and work with clients on complicated projects

Specifically, you'll have:

SQL Server 2014 MCSA

The details:

Salary range: Up to £60,000 including a £6k car allowance, plus valuable benefits

Location: Covering the South East of England and across the UK, you'll need to be able to travel on a regular basis to customer sites and spend nights away from home. We're based near Reading but you don't have to be.

You must be eligible to live and work in the UK without sponsorship.

An up to date CV tailored to this role is important to us but so is a cover letter telling us the things your CV can't; that's about you and why this is your ideal role. Sending both will greatly improve your application. Apply through our Careers page at www.coeo.com. Check out what makes us different by reading reviews on working at Coeo on www.glassdoor.co.uk.
